TOP 48

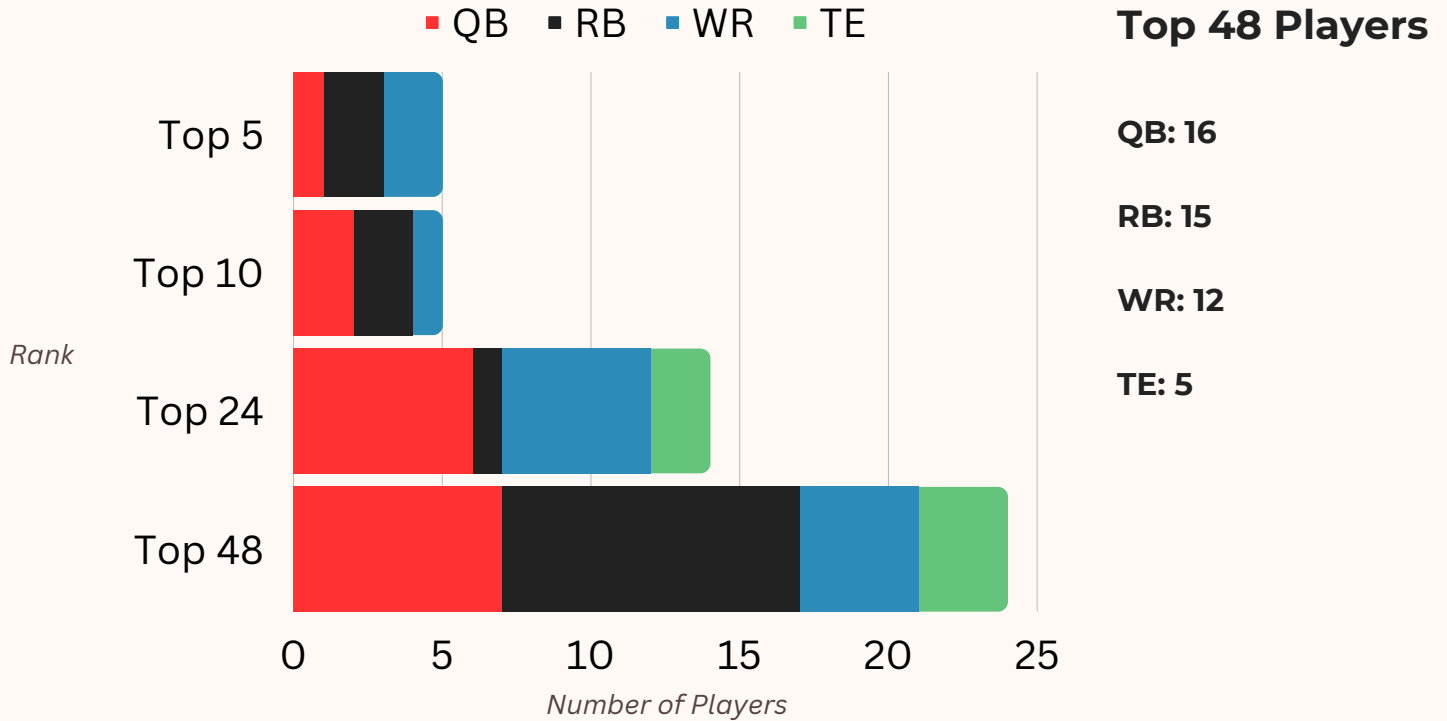

POWER RANKINGS

OP -ED

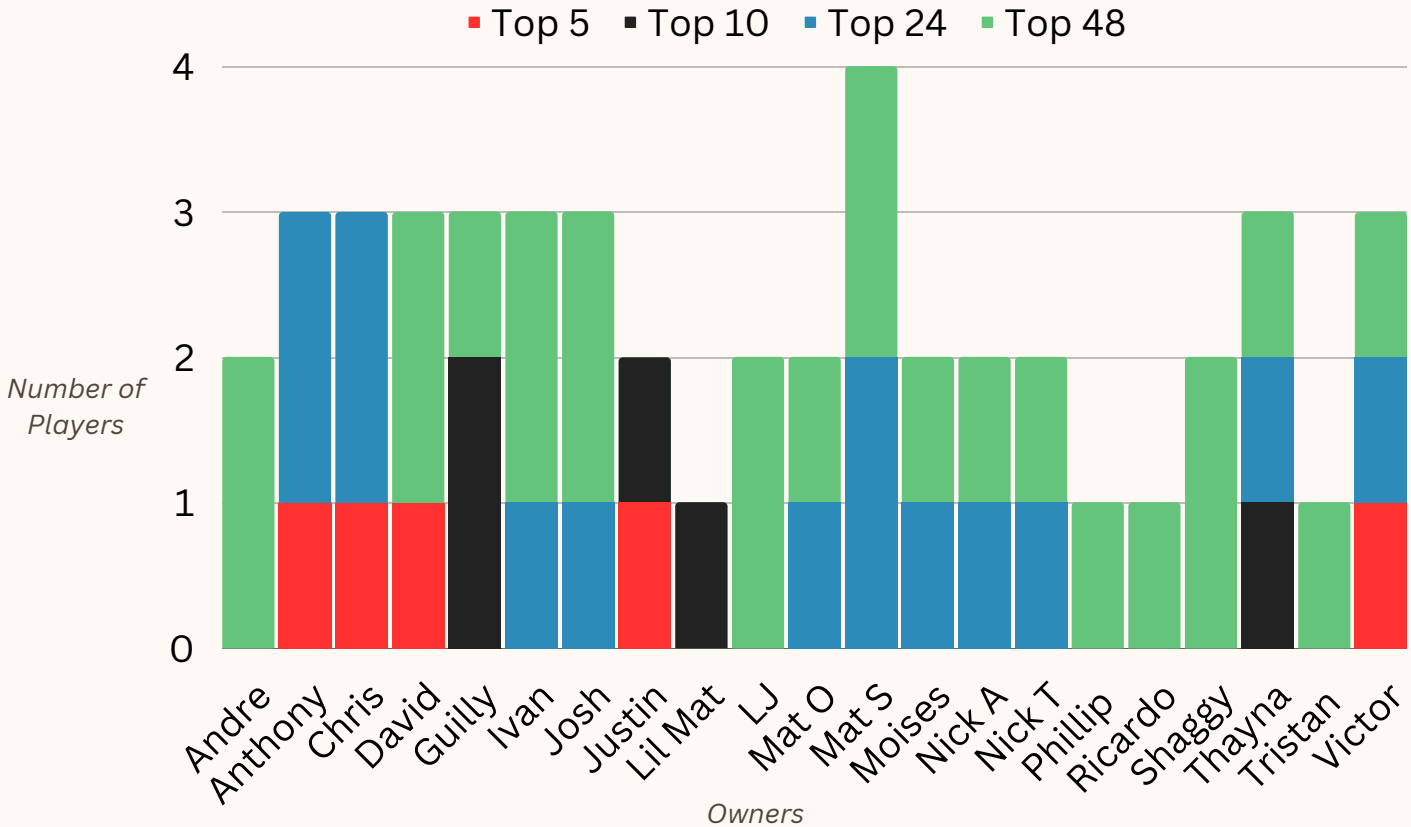

Has the TE premium made a difference? This is a question I often ponder before the season began. We saw big bucks being thrown around on draft day for TEs.

To answer this question I researched the top 48 players in our league and organized them by position. After the data was collected, I was also curious how many top players each owner had. Since we have 24 teams I figured every owner should at least have one player in the top 24 and one player in the top 48. Unfortunately, fantasy football can't be predicted. There are three owners that don't have a single player on their roster in the top 48. Jason, Lucas, and yes your commish. We are dumpster fires for a reason.

# Power Rankings

## The Power 4

- 1. Cotton Fields (11-1) --
- 2. NC Assisted Living (10-2) --
- 3. Dona de Casa (9-3) --
- 4. Pinegrove Shuffle (10-3) --

We are finally seeing some consistency in these rankings. The Power 4 dominated this week like always. David has the highest PF in the league while Dona de Casa has the highest floor, never dipping below 76 in any week.

Mat trading away Mostert looks like it will come back to bite him in the butt, time will tell.

## Contenders

- 5. Mr Jorge (9-3) --
- 6. Tralongo28 (9-3) +7
- 7. iabermagge (8-4) -1
- 8. Hurt Hammys (9-3) --
- 9. Njigbas in Paris (7-5) --
- 10. Notha Que Perraca (7-5) +2
- 11. Fazenda misterio (5-7) -4
- 12. Herb Zero (7-5) -2

I would like to apologize to Anthony. Last week I messed up my algorithm and he was ranked a lot lower than what was supposed to be. This week he is in the right spot.

Last week Mr Jorge celebrated his birthday with the birth of his second baby girl. The man needs that diaper money.

## Survival Mode

- 13. Bleed b'n'y (6-6) -2
- 14. meowwww (5-7) +3
- 15. #RICKFORPRESS24 (4-8) +1
- 16. LJvanmolle (6-6) -1
- 17. Honey Badgers (4-8) -3
- 18. Derrota (3-9) +2
- 19. President Jefferson (3-9) -1
- 20. Tee Time (3-9) +1
- 21. Rogainz (2-10) -2

Justin has a top 5 and top top 10 player on his team (the only owner that has that combo) yet still struggles to find wins consistently.

Nick T has a sneaky good team. He's been unlucky but is now finding his groove. Rogainz has been awfully quiet this week.

## Dumpster Fires

- 22. Under Construction (2-10) --
- 23. Mud Wizards (2-10) --
- 24. Chubby Dubbys (3-9) --

## *Southern Hospitality Op-Ed*

by Richard Cabrini

In an attempt to consolidate power and squash any opposing alternative views or newsletters, the commissioner has taken a page out of the PGA-LIV Merger Playbook and decided to give a voice to the voiceless. After the threat of alternative media launching a competing campaign for the hearts of fantasy fans in all of Kitchenlandia, The commish quickly slid into the DM's of his most vocal critic with a proposal that we has now given birth to the Southern Corner Column.

Skip the first page and headline fake news, get your dose of truth right here every Wednesday morning. As this is our first column, we need to keep it short and establish a couple of truths and a couple of open-ended questions for our audience to answer and think about this week. If anyone wants to provide their take, your voices will be heard, y'all know where to find me. We are here to provide the southern perspective with a dash of truth bombs.

First things first, can we cut it out with this Puka talk? Let's move on. Pick a new fight. Milking this thing for 5 weeks now. (Looking at you Chris) Two irrelevant teams made a trade that seemed lopsided initially but is clearly swinging the other way now. The last I will say on the matter is the biggest critic of the trade just wrecked the benefactor of it this week. Someone had that date circled on his calendar.

Tralongos went 2-1 this week, well 3-1 if you count their Carlton adopted brother. Dona de casa is killing it. As she says to me constantly every Sunday night as I lose and she is still worried having clearly won hours ago: "I don't want to just win, I want to destroy!" (Please Help Me!) Herb Zero took a big L this week. Apparently, he was too busy loving Brazil when the cameras were rolling to take care of business. Mr.Jorge has me truly believing. Maybe if he wins he will order more than just a Corona and free bread when we go out. meowwww, vira homem. Can't defend you out here with a team name like that.

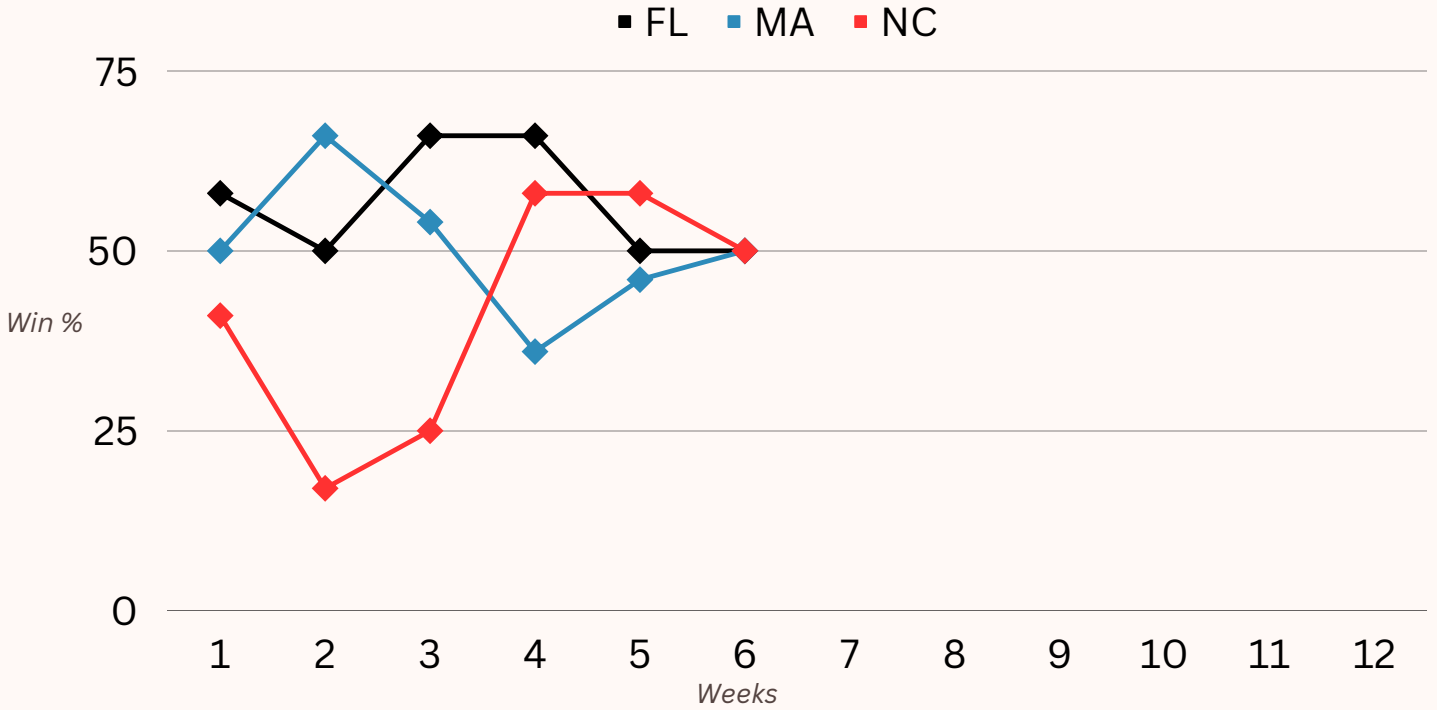

*Ricardo turning into Richard*

What do y'all think of some of the current quiet ones? I am looking to deep dive into NC Assisted Living Center, LJ (that has dropped off as wedding date approaches) and Team Magge who are all quietly doing their thing.

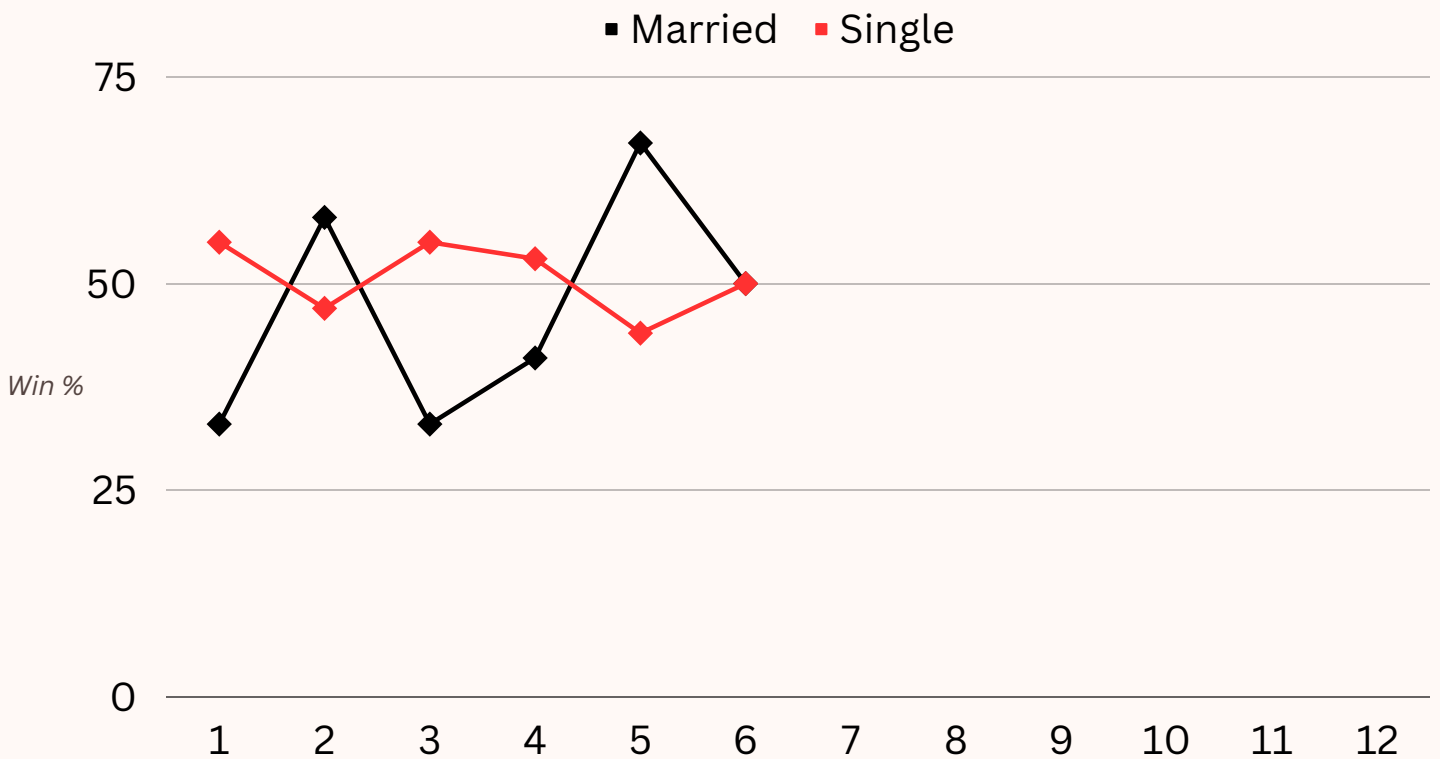

Another question, what is the someone's thought process behind trades? They seem to either be insanely lopsided or just highway robbery. Has the post over analysis ruined it for everyone? Are y'all afraid to trade and be the sucker? Let me know your thoughts for next week!

And now to finalize our column, in the spirit of always providing an alternative perspective and keeping the commish's editorial biases in check, I believe I speak for the collective majority when I say, Chris sucks. (Come at me Tralongos)
